### LOCAL.

A watchnight service will be held in the Baptist church tomorrow night beginning at 8 p.m. The minister in charge will be Mr. George Nightingale. Sanitary Officer Turnbull leaves to-morrow morning for a short trip to the east. During his absence from the city he will visit Toronto and Ottawa before returning Saturday.

On Saturday afternoon the grading outfit of Foley, Lock & Co., which has been engaged on construction work at Clover Bar, left Strathcona for Cranbrook.

The meeting to arrange for the formation of a Canadian society in Strathcona will be held this evening in the hall of the Hotel Alberta. All interested are invited to attend.

The private C. P. R. car "Euramericana," owned by A. B. Greenhill of Montreal, and three daughters, arrived by the afternoon train yesterday morning. Miss Shepard was a passenger to Red Deer this morning.

Robert Ritchie, the Edmonton

mailing company, has returned from a trip to Ontario.

The new pews in the Presbyterian church have been dedicated to the several families of the congregation. All who are desirous of being affected may have their names inscribed on the name-board before Wednesday night next.

The weekly meeting and the last annual general meeting of the council will be held tonight in the old council chamber. The city offices will be moved to the new building in the Old Town following building this week.

The following officers for the coming year were elected at the meeting of the Loyalty Orange Lodge of Leduc: W. M., Albert Armstrong; D. M., John M. Munday; W. H., Fisher; treasurer, W. G. ### SURVEY TO ARCTIC ZONE.

Dominion Government Said To Be Considering Advisability of Scheme.

Vancouver, Dec. 29.—News has reached here from Ottawa that the Dominion government has been considering the advisability of despatching a large expedition to the Arctic zone to make a survey of the regions of the various islands in the Arctic archipelago on which the natives have been found living last year by Capt. Bernier, the Canadian explorer.

It is proposed to map these polar regions in detail. Once this task shall have been accomplished, it is regarded as a "matter of course" that the ambitious aspirations for increasing what is regarded as territory under the sovereignty of the Dominion.

The Canadian Arctic Northern Islands, extending as they do in an unbroken chain from the northern point of the continent to the Arctic Pole, is regarded as secure, according to the principles of international law. According to Capt. Bernier, quoted here, the details of the survey will be arranged by Surveyor-General De Ville. It is expected that the surveys will be completed in the next four years. A relief expedition will be despatched to the north every summer in order to keep the surveyors supplied with the necessary topographical data. Most of the names already given the islands up there have already been confirmed by the Dominion Geogra-

### BELL TELEPHONE WON AT CALGARY.

Calgary, Dec. 29.—The Bell Telephone team defeated the Y.M.C.A. in the City league game at Victoria rink, 5-3. The game was a long way from being a fair one, as the referee was nearly out of the individual order, and neither team could keep up any kind of a game. The final score was 5 to 0 in the Phone men's favor, the team for the Canadian west having been a much sturdier one for the purpose.

The weekly meeting and the last annual general meeting of the council will be held tonight in the old council chamber. The city offices will be moved to the new building in the Old Town following building this week.

The following officers for the coming year were elected at the meeting of the Loyalty Orange Lodge of Leduc: W. M., Albert Armstrong; D. M., John M. Munday; W. H., Fisher; treasurer, W. G. ### GERMANY MAY LAST.

In the Race for Canada's Trade.

London, Dec. 29.—The British Chamber of Commerce has issued a leaflet on trade with Canada, urging a change in the policy of the Canadian government. It regrets that no more significant reference is made to Canada's commercial arrangement with Britain until the end of 1909, which has just passed.

The leaflet states that the present policy in respect of our commercial relations with Canada is responsible for the decline in our trade with that country, which is very far behind in the race for trade with this thriving country, which contains so many opportunities for development. The interests of German trade and industry demand that now should do something towards renewing German-Canadian commercial relations.

### IS CHARGED WITH CHANGING WEIGHTS

W. R. Denman of Clover Bar Coal Co. Alleged To Have Raised Figures For Loads of Coal Weighed on City Scale.

At the Police Court this morning before Magistrates Belcher and Mr. Denman, son of J. J. Denman, formerly manager of the Edmonton Coal Co., and now manager of the Clover Bar Coal Co., appeared charged of obtaining money to the extent of \$12.67 from the Bithell Co. by false pretences. He admitted that he had been doing by issuing weight bills from the office for greater weight for coal loads than the city scales would weigh.

Mr. Robertson, counsel for the defendant, elicited that he tried similarly but this course. Crown Prosecutor

Cogswell opposed asking that the present hearing be only considered as preliminary, and that the court be directed to proceed to hear the evidence and decide later as to whether the trial should be summary or preliminary.

The first witness was Robert J. Denman, a brother of Mr. Denman's company. He testified that on the 31st of July last he hauled coal for Mr. Denman. Another man named Black also came to him at that time. After weighing the coal, he took the ticket to the office and saw Mr. Webster. Webster, he said, was the usual course pursued. Denman gave back two tickets, one pink and one white, and then sent the teamsters out to deliver the coal. The teamster then got the ticket to weigh the coal and then sent the yellow one with the pink to the office. Webster weighed the coal and then saw the accused write on the tickets.

Raised Weight of Ticket.

The second witness was on the weight scales in the case in question showed 4,300 lbs. and Mr. Denman gave back a pink ticket for 4,400 lbs. He took the load of coal to the Bithell Coal and Contracting Co.'s works at the Saskatchewan bridge.

A number of tickets were produced and the witness stated that in his opinion they were all in the handwriting of the accused. He was not able to state, however, that he was not an expert in handwriting, so Mr. Robertson directed the court to his evidence upon this point.

Cross-examined by Mr. Robertson, Mr. Webster said he had worked for the company from July till October. He had weighed coal once at the mine and did not remember the date. On that day he noted the difference in weight between that at the mine and at the city scales. He then knew that he had to add weight to the coal to weigh more than the scales at the Humboldt mine. He sometimes used a steadiometer, but the only ones he had back wrong were from the accused.

Witness admitted that he had a row with W. R. Denman, which lasted over two days. As a result of this he quit the job. He was not a member of the union and quit because he was not allowed to have a union card.

He agreed that he had a row with W. R. Denman over the scales at Fort Saskatchewan. The disagreement was fixed up with a man named Hume, who was the manager of the plant. This was the only witness heard during the morning session. At 12:15 the court was adjourned till two o'clock.

## CLOVER BAR.

Bulletin correspondence  
A very successful Christmas tree was given at Clover Bar on December 25th. Superintendents of the schools in the league room, and a very interesting program was rendered, composed of various songs, recitations, etc. The audience, prayer by Pastor Rev. John D. Johnson, a solo by a child, entitled "Merry Christmas"; instrumental solo, Miss Jackson; children, entitled "Merry Christmas"; instrumental solo, Miss Jackson; children, "Homeward to the King"; by young people; cantata, "Jesus Christ is Born"; by Miss Jackson; song, "Little Feet"; by 10 girls; quartette, by Miss Jackson; solo, "The Star of Bethlehem"; "Fairies" dialogue by school children; song by Mr. D. J. Johnson; a solo by a girl; etc., etc.; "The Sunday School Army," by school children; dialogue, "How we spent the day"; etc.

The chief feature of the evening was the awarding of the presents for the girls' and boys' contests which were selected. Those who had highest standards received the gift of valuable books, and some home reading, also memoriam and study of lesson contests in the competition.

The most prominent item which was worthy of notice was the way Santa Claus appeared on the scene when the children were asked whether there was a Santa or not, when he appeared in excellent style to perfection.

At this juncture Mr. McDonald was presented with a card and a small dress, which reads as follows, from the public school children of Clover Bar:

"Dear Teacher.—The time has come when you intend severing your connection with us, and we wish to thank you for your pupils. We have spent two years pleasantly together, and while we are sorry to see you go, we trust that to us, we sincerely trust that the benefit has been mutual."

We are deeply grateful to you for your munificence, and we earnestly beseech you to accept our thanks.

Yours very truly, the children of Clover Bar."

### THOUSANDS ARE VIRTUALLY STARVING

Berlin Faces a Serious Problem in  
Consequence of Industrial Inactivity—Children Attend School  
Without Breakfast.

Berlin, Dec. 29.—The municipality is face to face with a very serious problem in consequence of the industrial inactivity, which has led to thousands of virtually starving children attending the primary schools in Berlin, whose numbers have been greatly increased by the influx of the consequences of the industrial inactivity.

Otherwise the Children's Canteen Society in a fairly satisfactory way by means of contributions from private sources has been able to meet the emergency this year so good that it will be unable to supply enough of the many children.

In view of the fact that December, according to official statistics, shows 245 out of the 256 primary schools no fewer than 11,947 children attended school in Berlin, it is difficult to imagine what will happen in all cases without the prospect of obtaining a midday meal at home.

Of course there are other cases belonging to the fourteen canteens belonging to the above-mentioned association, but others 7,440 are totally unemployed.

The question of the city's responsibility in this matter has been hotly debated by the Socialists in the municipal council, who propose that the council should in future undertake the task.

The presidency of the British and Foreign Bazaar Society is at C. W. Willis, The Cambridge Book Store, 124 W. Jasper Avenue.

## ELECTION TO-DAY.

There is considerable excitement today in connection with the civic election. A fairly large vote, for a by-election, is to be expected. The chief questions are that the contest between the three aspirants for ex-Admiral Williams' seat is a general test, and that D. R. Fraser will lead the poll and his supporters are to gain a good majority. The Morrisville people are working hard and it is altogether probable that the by-law will be carried.

## FROM THE FAR NORTH.

Among the arrivals from the north yesterday was the Athabasca trading stage coach, which J. Goss, of Fort McMurray, and G. Gordon of Fort McLeod, was unfortunately passed by a spear in answer to the council of the board of trade as to the proposed by-law. The stagecoach referred to some days ago.

"Whereas it is deemed to be desirable that the public have the opportunity to secure the traffic facilities over the high level bridge to be erected at the town of Fort Saskatchewan, this council hereby recommends to the board that the mayor and city manager be directed to negotiate with the city of Edmonton, and, after ascertaining the amount of compensation to be paid to place a by-law before the citizens with a view to the expense of an estimated at \$7,000 remaining over and above the expected federal and provincial contributions, to be submitted to be borne by Strathcona to be in relation to population as compared with the other cities."

This action to be taken now as evidence of the sense of the city to have this traffic facility available for the most important moment and also for the following reasons:

1. In the construction of the high level bridge gives an opportunity to provide traffic facilities between the cities of Edmonton and Strathcona in the way of grades and hills are eliminated, which difficulties could not be overcome by the use of the construction of an independent traffic bridge.

2. Premiums on insurance have been given to the citizens of Strathcona by Frank Oliver that assistance to traffic facilities can only be given by an indirect trip through Edmonton, whereas they also state that a preliminary to such a trip would be necessary.

3. It is also necessary that the two cities further their desire to have the work carried out by contributing towards the project.
